

FSP - Medical German Course - Student Plan

Goal: Help you pass the FSP exam and communicate confidently in German hospitals.

What You'll Learn:

▪ Medical Vocabulary

- Body parts, illnesses, treatments (e.g., *der Blutdruck, die Verschreibung*).
- How to say symptoms: *"Ich habe starke Bauchschmerzen."*

▪ Talking with Patients

- Asking questions: *"Wo tut es weh?"*
- Explaining treatments: *"Sie müssen diese Tabletten nehmen."*

▪ Writing Medical Reports

- Practice short case notes (*Arztbrief*) with correct grammar.

▪ Exam Practice

- Mock oral exams (role-play with teacher).
 - Timed writing tasks (like the real FSP test).
-

Weekly Schedule Example

Week	Topic	What You'll Do
1	Hospital Words	Learn 50+ medical terms; label body diagrams.
2	Patient Conversations	Role-play: Interview a "patient" (teacher).
3	Grammar for Doctors	Practice commands & past tense (<i>"Die Wunde hat geblutet."</i>).
4	Writing Reports	Write a short referral letter; get feedback.
5	Mock Exam 1	Try a real FSP oral test with feedback.
6	Mock Exam 2	Full test (oral + writing); final tips.

Extra Help

- **Free Tools:** Try apps like *Anki* (flashcards) or *DW Learn German* (medical phrases).
- **Teacher Support:** Ask questions anytime!

Final Exam: At the end, you'll do a **full practice FSP test** to check your progress.
